

## STONEUK - ST - 20FCB

The Stoneuk ST-20FCB Elevator Access Control System comprises a main board and an extended board, enabling control of up to 20 floors. Designed for comprehensive floor access management, this system efficiently regulates movement for guests, residents, and visitors. Access permissions for specific floors can be assigned using a variety of physical access credentials and mobile technologies, ensuring seamless and secure operation.

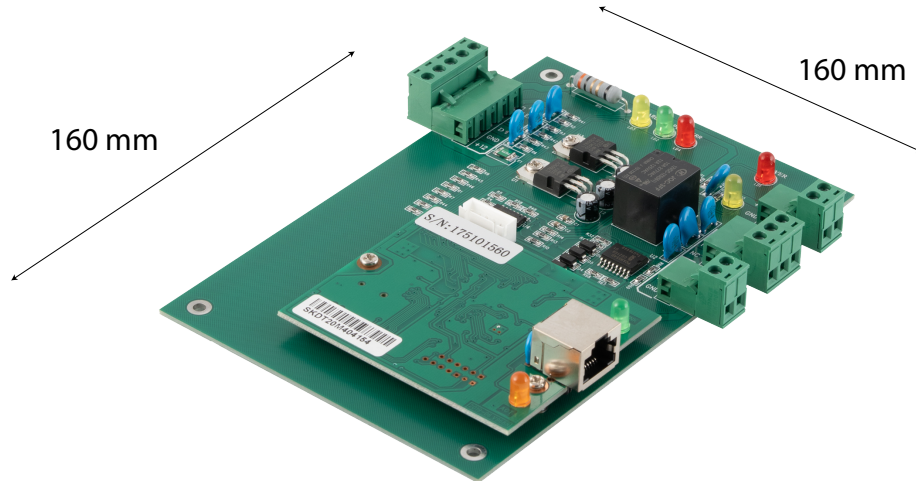

### KEY FEATURES

- Restricted Elevator Usage
- Seamless Floor Selection
- Time-Based Access Control
- Scheduled Floor Deactivation
- Customizable Floor Access
- Universal Elevator Compatibility
