

STONEUK - ST-600E

The Stoneuk ST-600E features an elegant and robust design, ideal for secure and stylish access control. This model supports card-only access and is designed for controlling one door from both sides. It offers easy installation and connection, making it perfect for various entry setups. Integrated LED indicators display access status (granted or denied), and the device provides a proximity reading range of up to 10cm. It's a reliable and straightforward solution for areas where card-only access is sufficient.
