

STONEUK - ST-B15L

The Stoneuk ST-B15L is a durable, waterproof touch exit button designed for secure and convenient door access control. Constructed with a SUS 304 stainless steel plate and rated IP55, it is suitable for both indoor and outdoor environments. The device features Normally Open (NO), Normally Closed (NC), and Common relay outputs, ensuring compatibility with various access control systems. Twin LED indicators provide clear visual feedback—one blue when on standby and another indicator when the button is approached—making it both functional and user-friendly.
