

## **STONEUK - ST-B3E**

The Stoneuk ST-B3E is a double-pole, double-throw emergency push button switch designed for access control and fire safety systems. Made from fireproof materials with a sandblast finish, it ensures durability and reliability in critical situations. Operating at DC12V and supporting up to 36V DC / 3A, it features NO/NC/COM output contacts and is available in multiple color options. Ideal for emergency door release applications in gates, exits, and automation control systems.

### **KEY FEATURES**

- Double-pole, double-throw (DPDT) emergency push button switch
- Designed for access control and fire safety systems
- Fireproof construction with durable sandblast finish
- Operates at DC 12V; supports up to 36V DC / 3A
- NO / NC / COM output contacts for flexible integration
- Ideal for emergency door release in gates, exits, and automation systems

## PRODUCT PARAMETERS

Operating Voltage	12 V DC
Max. Voltage	36 V DC
IP Rating	IP 55
Operating Temperature	-10° to 55° C
Material	Fireproof Material, Sandblast Finished
Signal Output	No/Nc/Com
Dimension	86 X 86 X 50 mm
