

## **STONEUK - ST-CA1**

The ST-CA1 is a stainless steel 304 cabinet lock designed for secure and easy access. It features level-based control, supports both permanent and one-time codes, and has a backlit keypad for clear visibility. The lock provides alerts for wrong codes, tampering attempts, and low battery. An external power backup is also available to ensure continuous operation. Durable and user-friendly, it's ideal for securing cabinets and drawers.
