

STONEUK - ST-DB5C

The Stoneuk ST-DB5C is a reliable and efficient electric deadbolt lock designed for high-security access control systems. Featuring a 5-wire connection and a built-in adjustable timer (3, 0, or 6 seconds), it provides flexible control over door locking and unlocking. With NO/COM (Normally Open/Common) output contacts, it easily integrates into a variety of security setups. Designed for low-temperature operation, the lock ensures enhanced safety and energy efficiency.
