

**STONEUK - ST-TB6**

The Stoneuk ST-TB6 is a high-durability electric exit button designed for use in access control systems. With a sleek stainless steel panel and a robust steel button, it provides a reliable and tamper-resistant method for door release. Suitable for offices, commercial buildings, and secure areas, this keyless solution ensures long-lasting performance with a tested mechanical life of over 1 million presses. Its compact design and compatibility with most electromagnetic locks make it ideal for any secure access setup.
